A careful record kept at Yale for eight years shows that non-smokers are 25 per cent taller, 25 per cent heavier, and have 60 per cent more lung capacity than smokers. A recent graduating class at Amherst presented a similar difference in favor of the non-smokers. The average weight was 160 per cent over the smokers, and in height 37 per cent, and also exceeded them in lung capacity.

On the 28th inst. our new paper will make its first appearance. Its name is to be the Grenfell Sun.

Bulls are out announcing the travelling dairy to be at Grenfell on the 7th July. Farmers make a note of this.

## LORLIE.

Our annual picnic was held here on the 15th inst., at which about 80 neighbors and friends assembled from this district and Fort Qu'Appelle. Owing to the boisterous weather which prevailed, the outdoor sports which were indulged in during the day were interfered with to a great extent. Notwithstanding this, many of the young people enjoyed themselves. Under the auspices of the ladies, tea was served at 6:30 p.m. Messrs. Govan and Fergusson acting in the capacity of waiters. After getting through this part of the programme, most of the guests assembled in the dancing hall and tripped the light fantastic till the small hours of the morning; in fact dawn was approaching when the last of them departed for their respective homes. During the evening they regaled themselves with refreshments, which were supplied by Mr. Cantelon. The music was furnished by Messrs T. Rice, Govan, Minton and Sowood.

Messrs. J. and I. Salter passed through here last week en route to Beaver Hills.

Messrs. T. R. Sowood and S. H. Hamppare here visiting friends.

A severe thunderstorm passed over this district on Monday evening, accompanied by a heavy fall of rain and hail.

The Rev. J. J. Attwood, of Pheasant Forks, passed through on Monday en route to Park Farm.

## ROSE VALLEY.

Grand rain last week, which has made the crops look healthy and strong.

There was quite an exodus from our part to the Conservative convention at Fort Qu'Appelle last week.

Mr. G. H. V. Bulyea, of Qu'Appelle Station, drove through here last week.

Mr. Williamson has built a fine new stable of such proportions as suits his large farm.

Farmers are about through breaking for the season; one in our locality having about two hundred acres turned and rolled ready for back-setting.

The Rose Valley concert, on the 8th inst., was a complete success. The Indian children of File Hills did remarkably well under Mr. Skene's able direction.

Mr. Douglass had a colt break its leg by stepping in a hole. He and neighbor Lang set the bone, and the colt is skipping round again.

Mr. B. Holden had the misfortune to lose the pony which he had just bought from Mr. C. Sanderson. It did not live long enough to give him much return for his investment.

Mr. Klinek has his new kitchen and a stone milk house about completed.

More and more the farmers are realizing the necessity of mixed farming in order to reach the highest success.

## THE GREAT SOUTH AMERICAN NERVINE TONIC AND STOMACH AND LIVER CURE

The Wonderful HEALTH BUILDER & NERVE FOOD

This Remedy cures Indigestion and Dyspepsia, as well as all Nervous Diseases, by acting on the Nerve Centres at the base of the brain. It has been absolutely demonstrated, that two-thirds of our diseases and ailments, are due to the deranged Nerve Centres at the base of or within the brain.

## SOUTH AMERICAN NERVINE IS A WONDERFUL CURE FOR INDIGESTION AND DYSPEPSIA,

Loss of Appetite, Weight and Tenderness in the Stomach, Sour Stomach Pain in the Stomach, Wind upon the Stomach, Nausea and Sick Stomach, Sick Headache, Bile-rough, Water Brash, Heartburn, Vertigo and Dizziness, Sleeplessness, Frightful Dreams, etc.

The Stomach suffers more than any of the other organs from disease, because into it are taken so many indigestible and irritating substances as articles of food. In its great effort to digest these, it soon becomes weakened and diseased. Under such circumstances, it is not wonderful that so many complain of indigestion and weak stomachs. When the stomach fails to digest and assimilate the food the whole body falls into a state of weakness and decay. For Nature has decreed that the body must constantly receive nutriment through the stomach, to repair the waste of tissue constantly going on in the system.

## The South American Nervine

Is probably the greatest remedy ever discovered for the cure of all Chronic Stomach troubles, because it acts through the nerve centres. It gives marked relief in **ONE DAY**, and very soon effects a permanent cure. The first bottle will convince anyone that a cure is certain.

To the Proprietor of South American Nervine.

*Rev W S Barker*

DEAR SIR, I have much pleasure in recommending the great SOUTH AMERICAN NERVINE to all who are afflicted as I have been, with nervous prostration and indigestion. I found very great relief from the very first bottle, which was strongly recommended to me by my druggist. I also induced my wife to use it, who, I must say, was completely run down and was suffering very much from general debility. She found great relief from SOUTH AMERICAN NERVINE, and also cheerfully recommends it to her fellow sufferers.

## Sick Headache

Is dependent on deranged nerve centres and indigestion. Hence its cure must come through building up the Nervous System and curing the Stomach. SOUTH AMERICAN NERVINE will absolutely cure this dreaded malady and prevent its return.

## A SWORN CURE FOR ST. VITUS'S DANCE.

CRAWFORDSVILLE, Indiana.

My daughter, twelve years old, had been afflicted for several months with Chorea or St. Vitus's Dance. She was reduced to a skeleton, could not walk, could not talk, could not swallow anything but milk; I had to handle her like an infant. Doctors and neighbors gave up. I commenced giving her the SOUTH AMERICAN NERVINE Tonic, and the effects were very surprising. In three days she was rid of her nervousness, and rapidly improved. Four bottles cured her completely. I think the SOUTH AMERICAN NERVINE the greatest remedy ever discovered, and would recommend it to everyone. MRS. W. T. ENSMINGER, State of Indiana, Montgomery County.

Speaking of the commercial position of Great Britain it says that both facts and figures indicate there is no weakening in the hold of the United Kingdom in comparison with its chief competitors, Germany, France and the United States, upon either the import or export trade of the world.

—True it is we have to go from home to learn news. The Montreal Star states as follows:—"A heavy hail and wind storm passed over Qu'Appelle on Tuesday night. The English church was wrecked and Atkinson's grain warehouse was blown over." This is certainly news to Qu'Appellites. If the church was wrecked, it did not take long to rebuild it, as service was held in it on Sunday, when everything appeared all right; and as to where Atkinson's grain warehouse stood before this misfortune overtook it must be left to the prolific imagination of the Star's correspondent.
